# Greeting Card – Happy Holidays

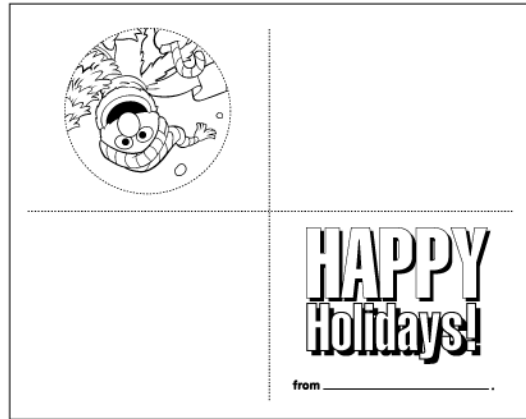

Make a holiday greeting card for a friend.

## SET UP\*

You will need:

or

## WHAT TO DO

Help your child make his or her very own personalized holiday greeting card and send it to a friend or relative. Help your child set a purpose by talking about the holidays. Ask your child to think about the person for whom this card is intended.

Fold the page in quarters to make a card. Invite your child draw and decorate it any way he or she likes. Read the words on the card for your child. Help your child think of ways to make the card special to the person who will get it by choosing certain colors or drawing particular people, memories, or favorite things.

Vary the activity by providing glue and collage materials such as beads, seeds, buttons, glitter, and so on. Or you can offer paint, or any other media you happen to have.

## LEARNING GOALS

Drawing helps children communicate thoughts and feelings. Creating a holiday card supports awareness of the calendar. Sending a card supports social connection, including a sense of empathy.
