All About Me – My Scrapbook, page 3

Make a scrapbook.

(This is page three of a three-part printables activity that will help you work with your child to create a scrapbook all about him or her.)

SET UP*

You will need:

and:

or

My favorite animal is _____.

WHAT TO DO

Read the statement to your child and discuss how to fill in the blank. Then write your child's answer on the line. Your child may be able to help with identifying letter sounds, printing a letter or two, writing his or her name, or writing entire words and numbers.

Invite your child to draw pictures of his or her favorite animal.

FOLLOWING UP

This scrapbook activity is a good way to get your child thinking and talking. Ask questions such as, **Does everybody have the same favorite animal? Why not? Would you expect me to answer this question the same way as you? What are some other questions that someone could ask to find out what you are like?**

LEARNING GOALS

By asking and answering questions about themselves, kids strengthen their self-definition and self-presentation.

*

=scissors

=markers

=crayons

=pencil or pen

=tape

=leaves
