

We're Thankful

By Moose A. Moose and Zee

Come gather round, grab a seat,
Take a plate and some food to eat.

The turkey's done, we made the corn,
A pie is baking and the fire's warm.

Because when everyone's together,
Everyone is happy.
We're thankful that we have so much
to share!

The stuffing makes me simply stuffed.
What's next to try? Boy that's tough!

There're yams and rolls, and food galore.
Want some dessert? We've still got more!

Because when everyone's together,
Everyone is happy.

We're thankful that we have so much
to share.

More thanks to give, more friends to hug,
More ways to show we're filled with love.

So join us for this splendid feast.
We're filled with thanks and lots to eat.

Because when everyone's together,
Everyone is happy.
We're thankful that we have so much
to share.

We're thankful that we have so much
to share.
