Homemade Stickers

Sent to us by:
Pennie of Fishers, IN

★ What you need:

- your chosen ZOOMout the vote! sticker designs
- colored pencils or markers
- double stick tape
- wax paper
- scissors

★ What you do:

- 1 Check with a grown-up before you begin.
- 2 To start, **print out** your favorite ZOOMout the vote! sticker designs. Color them in if you want!
- 3 Cover the back of the design with **double stick tape**. It's okay if the tape goes outside of the lines.
- 4 **Cut out** the design. This part takes some time.
- 5 You can store your stickers on the wax paper so they'll peel off easily. Put them **on the wax paper sticky side down**.
- 6 Now, **stick them wherever your grown-ups will see them**, like on the bathroom mirror, on the shampoo, on the milk carton, on the car steering wheel, on the TV, on the calendar...
Be creative!

Magnets and Buttons

Sent to us by:

Amy of Ellicott City, MD
and Lara and Jack
of Wellesley, MA

★ What you need:

- your chosen ZOOMout the vote! magnet designs
- cardboard, the thin kind, like from the back of a notebook or a cereal box
- glue
- thin magnets that you can find at arts and crafts or office supply stores
- scissors

★ What you do:

- 1 Check with a grown-up before you begin.
- 2 To start, **print out** your favorite ZOOMout the vote! magnet designs. Color them in if you want!
- 3 **Glue them** to the cardboard and let them dry.
- 4 When they're dry, **cut them out** of the cardboard, trimming off any excess.
- 5 **Glue a magnet** to the back of the cardboard.
- 6 When it's dry, **there's your magnet!**
- 7 Now, **stick them wherever your grown-ups will see them**, like on the refrigerator, or the bathroom faucet, or anywhere that's metal and easy to see. **Be creative!**
- 8 **To make the magnet into a button**, put the magnet you've made on the outside of a shirt, put a plain magnet on the inside of the shirt behind your homemade magnet. The two magnets will pull together with the cloth between them and stay in place on the shirt.
